

The Rockford QB Technique Clinic is designed for young men who are **SERIOUS** about competing at the quarterback position. This is a clinic for QB's entering grades 8 - 12.

Time spent during the three days of our Technique Clinic will place major emphasis on many of the mechanics associated with successful quarterback play. Each individual will be exposed to numerous drills that emphasize footwork and proper arm action involved in passing the football. In addition, each player will be filmed, critiqued, and then evaluated by the coaching staff during a daily film study session.

CLINIC DATES: Monday, Tuesday & Wednesday - June 24, 25 & 26

CLINIC will be in session from 8:45 am until 12:30 pm daily
